

KNEE DISLOCATION & MULTI-LIGAMENT KNEE INJURY

From Limb-Threatening Injury to Reconstruction and Recovery

Scientific Chairman: Dr. Sina Javidmehr

مکان: بیمارستان آتیه ۲، سالن آپادانا

زمان: جمعه ۱۵ آبان ۱۴۰۵

Opening Lecture

07:55-08:00	Greetings	Dr. Sina Javidmehr
-------------	-----------	--------------------

Session A: Acute Recognition, Limb Safety & Damage Control

08:00-10:00	Chairman: Morteza Kazemi	
-------------	---------------------------------	--

08:00-08:08	Recognizing the Multi-ligament-Injured Knee: Diagnosis, Classification & Imaging	Dr. Mahdi Mohammadpour
-------------	--	------------------------

08:08-08:16	Neurovascular Injury in Knee Dislocation	Dr. Davood Dehghani
-------------	--	---------------------

08:16-08:24	Immediate Management After Reduction: Brace, External Fixation or Early Surgery?	Dr. Sadra Haji
-------------	--	----------------

08:24-08:32	Clinical Examination of the Multi-ligament-Injured Knee	Dr. Amir Azimi
-------------	---	----------------

08:32-08:40	Associated Injuries That Change the Plan: Fracture-Dislocation, Extensor Mechanism, Meniscal/Chondral Injury	Dr. Ahmad Ramezanpour
-------------	--	-----------------------

08:40-08:48	Timing of Definitive Surgery: Acute, Staged or Delayed Reconstruction?	Dr. Sepehr Shirooei
-------------	--	---------------------

08:48-09:00	Q & A	
-------------	------------------	--

09:00-09:40	Panel Discussion: Acute Decision Making	
-------------	--	--

09:00-09:40	Panel Members: Dr. Ata Moshirabadi, Dr. Mohammadjavad Mortazavi, Dr. Mahmood Karimi Mobarakeh, Dr. Gholamreza Ghorbani Amjad, Dr. Hoseinali Hadi	
-------------	---	--

09:00-09:20	Case 1: The Vascularly Threatened Knee Dislocation — Reduce First, Image First, or Go to the OR?	Dr. Hamidreza Yazdi
-------------	---	---------------------

09:20-09:40	Case 2: The Irreducible/Unstable Knee Dislocation What Must Be Done Today, and What Can Wait?	Dr. Fardis Vosoughi
-------------	---	---------------------

09:40-10:00	Case 3: Acute KD-III/KD-IV with extensor mechanism injury— What, When and in What Sequence Should We Reconstruct?	Dr. Mahmoud Jabalameli
-------------	--	------------------------

10:00-10:30	Break	
-------------	--------------	--

Session B: Definitive Reconstruction, Chronic Problems & Recovery

10:30-12:30	Chairman: Dr. Mahmoud Jabalameli	
-------------	---	--

10:30-10:38	Repair, Augmentation or Reconstruction: Choosing the Right Strategy for Each Ligament	Dr. Mehrdad Sadighi
-------------	---	---------------------

10:38-10:46	Graft Selection in Multi-ligament Knee Reconstruction	Dr. Fardis Vosoughi
-------------	---	---------------------

10:46-10:54	Technical Planning in MLKI: Sequence, Fixation and Graft Tensioning	Dr. Sina Javidmehr
-------------	---	--------------------

10:54-11:02	Management of chronic / neglected knee dislocation	Dr. Mohammad Mahdi Omidian
-------------	--	----------------------------

11:02-11:10	Complications after MLKI Reconstruction: Prevention and Management	Dr. Babak Haghpanah
-------------	--	---------------------

11:10-11:18	Rehabilitation After MLKI Reconstruction: ROM, Weight Bearing, Bracing & Return to Activity	Dr. Armin Akbarzadeh
-------------	---	----------------------

11:18-11:30	Q & A	
-------------	------------------	--

11:30-12:30	Panel Discussion: Reconstruction, Chronic & Failed MLKI	
-------------	--	--

11:30-12:30	Panel Members: Dr. Mohammad Razi, Dr. Farzad Amuzade, Dr. Abolfazl Bagherifard, Dr. Sohrab Keyhani, Dr. Keyvn Ahadi	
-------------	--	--

11:30-11:50	Case 4: MLKI With Malalignment — Ligaments Alone, or Correct the Bone First?	Dr. Sina Javidmehr
-------------	---	--------------------

11:50-12:10	Case 5: Chronic knee DX	Dr. Hooman Yahyazadeh
-------------	--------------------------------	-----------------------

12:10-12:20	Case 6: Failed MLKI — Re-reconstruction, Salvage or Arthroplasty?	Dr. Mohammad Ayati
-------------	--	--------------------
